

Dear Parents,

This is a reminder and invitation to all of the families to attend our virtual AGM tonight beginning at 7:00 PM. At that meeting, parents will receive important and relevant information related to school matters, including school fees and the registration process. Following the presentations, there will be a Q & A period for you to speak directly with Regional Education Committee members and the school administration.

Please open the link below just before 7:00 pm and you will be admitted from the waiting room into the presentation. Please note that your video and microphone will be disabled to reduce any potential issues during the presentation. We advise that you have a stable internet connection, preferably a wired connection when viewing the AGM. If you are encountering issues viewing the presentation, we have enabled the ability to call in and listen to the AGM as an alternative. Please place your child's name as your screen name if possible.

The chat feature will be enabled so that you can ask questions during the meeting, and we will look to answer these questions during the "Question and Answer" period. Please select the chat feature which should be located at the bottom of your screen to send in your question.
